Student 1
Extremely helpful during office hours! In my opinion, one of the best GSIs. Really sat down with us and walked us through questions we had instead of going through it too quickly or dismissively.

I think Shibu was great. He was always willing to explain something if you didn't understand it. He was also always encouraging!

Student 6
Very knowledgeable, but sometimes he talked about stuff we had never learned about or never would. For us beginners, it can be a bit overwhelming!

I absolutely loved the passion that the instructor showed! He came to class well prepared and excited to tackle any questions. He presented the material in the most interesting way to the students. Cannot state enough how much respect I have for the instructor.

Student 20
I have no complaints.

Student 21
He was very helpful. It was not intimidating to ask questions and he was very enthusiastic about giving any assistance.

Student 22
I actually had to swap discussion section often because of conflicting class hours, but this instructor was very clear and helpful in conveying the material during his discussion section.

Student 23
My favorite GSI so far, I just love how happy he is all the time
Shibamouli, keep doing you

Student 24
nice, always willing to help!

* The quartiles are calculated from Fall 2014 data. The university-wide quartiles are based on all UM classes in which an item was used. The school/college quartiles in this report are based on lower division classes with an enrollment of 16 to 74 students in College of Engineering.
